*The wonderful world of comics, manga & graphic novels can help both kids and teens achieve much higher standards in their general creative writing and artistic skills. ACAS has supplied a range of fun and enlightening workshops and courses to many schools, which include names such as NUS School of Mathematics, Raffles Institute, St Joseph's Institute, Saint Joseph's Convent, Dunman High School, Sembawang Secondary School and more. Not forgetting the mature enthusiast, it's our aim to provide a serious creative education while having the greatest of fun!*
